REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Lakewood High School has continued to follow its mission to "Encourage, Educate, and Prepare" students for a successful future. The emphasis on all aspects of a student's life guides us to look at not only academic needs, but also emotional, physical and social needs. Lakewood High provides an environment for student growth and preparation.

Our theme this year, "Soaring to Excellence", reflects our never-ending aspiration to show our best in academics and extracurricular activities. Our organizations and student leaders have distinguished themselves by winning awards on the state and national levels.

Lakewood High is committed to providing each and every student with a quality education that will prepare them for their future endeavors. Students are provided with assistance as needed daily. Positive relationships between students and staff are developed and nurtured to provide additional support and encouragement in each student's development.

The school also offers a comprehensive extracurricular program so that students have the opportunity to develop and enhance special talents and abilities. Many students are active in athletics, and all students are involved in at least one club.

Lakewood High school sets high expectations for student achievement and seeks to reward those students who are setting themselves apart. In addition to our established awards, the School Improvement Council implemented the Academic Letter program to acknowledge students who have shown excellence.

Students, staff, parents, and the community must work together for a school to achieve greatness. As we seek to "soar to excellence", the support of parents and the community remains vital to our success in reaching our goals and preparing students for the future. Sherril Ray, Principal

Gerlies McCrea, School Improvement Council
